

PHOTOGRAPHY

Most teams have a parent or student photographer who take photos at all games but choose to hire a professional photographer, using team funds, to take photos at special events such as Senior Night or play off games.

In order to comply with New York State laws, all professional photographer contracts need to be reviewed and signed by the Chappaqua School District prior to games.

Christina Schoonmaker is the official photographer contracted by HGHS. Teams can reach out to her directly to take photographs for additional events. Teams can also reach out to Journalism clubs for photography. Students who take photos for clubs should not be compensated for taking photos.

Teams looking to hire professional photographers on days Christina is not available will need to provide the contract for review by the school district. Please allow at least 2 weeks for contract review.
